

Alan F. Washburn Farm and Home Supply

Description:

Washburn Farm and Home Supply Washburn Farm & Home has introduced an adapter to convert tractor front end loaders and older skidsteer loaders to accommodate the standardized skid steer attachments. We have our basic skid steer adapter to fit on the tractor loader with pin-on attachments as well as custom built to fit your particular loader configuration such as your quick attach or quik tach. Washburn's also offers a complete line of skidsteer adapters to fit the John Deere 100, 200, 300,400, 500, 600 & 700 series of ag tractor loaders allowing these quik tach loaders to accommodate standardized skidsteer attachments. Washburn Farm and Home Supply farm & agriculture equipment, includes wide variety heavy duty economical heat treated hay bale spears, forks, 12 volt hydraulic pumps, hay bale movers, hay bale stackers and bale carriers for pickup, 3 point, tractor loader and skidsteer. Custom designs and fabrication, steel buildings, grain bins, grain carts, grain augers & systems, grain conveyors, skid steer attachments, fans, auger flight or screw, combine augers, fence mowers, hay bale movers, steel grain bins, fence mowers, combine components & parts and grain conveyors. Over 400 sizes of auger flighting or screw for combines, transport augers, grain carts, bins, and most types of grain handling. We rebuild, repair, lengthen and straighten too. Heavy duty thick replacement flight for most all combine grain augers and grain carts available. Fence Runner is my patented fence line mower. It mows under electric, high tensil, wood, plastic, barb and cable fences. Will cut sprouts, briars, tall weeds too. Over 33 experience in grain bin sales, grain handling, steel buildings and construction for farm and light commercial facilities.
