

## **LINCO EQUIPMENT**

### Description:

Linco Equipment company's farm and agriculture equipment includes lime spreaders, anhydrous ammonia wagon running gear, toolbars, grain cart tarps, semi-trailer tarps, row crop sprayers, field sprayers, liquid pull-type sprayers, dry pull-type spreaders, self-propelled spreaders, nurse tanks, fertilizer equipment, fertilizer conveyors, tenders, bucket elevators, fertilizer trailers, dump truck tarps, wind-up tarps, rotary fertilizer blenders, tower fertilizer blenders, and vertical fertilizer blenders. The Apache Sprayers feature a mechanical drive, which means a faster payback. With an Apache sprayer, you can avoid the complicated lines, pumps and problems of hydrostatic drives and enjoy virtually trouble-free operation.
