

## **Stor-King**

### Description:

Stor-King Manufacturing Company's farm and agriculture equipment includes feed equipment, feed bins, grain hopper bins, liquid fertilizer bins, farm steel grain bins and smooth wall fertilizer bins. Stor-King bins, manufactured by the original makers of smooth wall storage bins, offer an interior without bolted seams, corrugations or wall to floor connection. The seamless interior allows for ease of unloading, while ensuring that no seed is trapped in the walls.
