

Agriweld

Description:

Agriweld Company's farm and agriculture equipment includes disk tandem harrows, rippers, roller packers, land rollers, spray equipment, sprayer booms, 3-point sprayers, field sprayers, mounted dry sprayers, weed wipes, application equipment, pull type sprayers, pull type spreaders, atv accessories, atv sprayers and wheels & sprockets. Agriweld Inc. is a small niche market Ag equipment manufacturer located in the central Willamette Valley, near Monmouth Oregon. Established in 1988 as a small local repair and fabrication facility, owners Craig and Dina Pope sought out needs in local agricultural equipment that were not being met by any other means.
